As one of the UK's largest Immigration Law Firms with over 10 years experience you can be sure that your immigration needs are in the right hands...

Do you need advice on a Judicial Review application?

Has your immigration application or further submissions been refused without an appeal right?

Not sure why your case has been refused and why you have been told you are unable to appeal?

Many applications are refused by the UK Borders Agency in this way however there are measures in place to ensure that the decision process remains fair. If you feel that the decision to refuse your case was "irrational" then it may be possible to bring a Judicial Review to the High Court.

Have the UK Border Agency issued directions for your removal from the UK?

It may be possible to make an Injunction application to the court to prevent your removal.

We may be able to help you...

We have a specialist Judicial Review team who are able to quickly assess whether there is a realistic prospect of success in your case. We offer a **FREE** initial assessment during which we will be able to advise you as to whether there is any action you can take and if so what the procedure is.

Judicial Review applications can be financed using public funding or at a competitive private rate and unlike other forms of public funding can operate on contribution basis where you pay part of your fees with the rest being contributed by the government.
